# LIGHTING SYSTEMS
Chromakey Wall w/ LED Only

SYSTEM

- Fully illuminate an 8´ x 10´ chromakey wall and presenter.
- Additional lighting for backlight accent on Talent will not affect chromakey.
- Light weight fixtures can be hung from suspended ceilings.

LAYOUT

This package is designed to light a single-talent position and small Chromakey wall.

Fixtures are positioned in a triangular pattern with the talent facing the apex of the triangle. If mounted properly an aggregate light level of 75-100 foot candles above the ambient light will fill the talent zone. With all fixtures "full-on," power consumption is less than 220 watts. Adjustable hangers are available if required.

COMPONENTS

120 TO 230 Volt Dimming (DCWS-L-OB)

Type	Qty	Model	Description
